

Volunteer for Hour of Code!

Let's reach every Billingsville and Cotswold student by teaching the basics of coding in a fun easy way for 1 hour. **NO coding experience needed! Male and Female volunteers are appreciated.**

Choose an Hour between December 6th through 13th

Now follow these simple instructions to sign up today:

1. Register as a CMS Volunteer (unless registered) at www.cmsvolunteers.com
2. Sign up for a class on Sign Up Genius <https://www.signupgenius.com/go/10c0f4caaa822abfbc70-hour>
3. Preview the campus appropriate coding game/lesson ahead of time
 - Billingsville Campus suggestion:
<https://code.org/dance>
 - Cotswold Campus suggestion:
<https://code.org/starwars>
 - Other modules available here:
<https://hourofcode.com/us/learn>
4. On December 6th through 13th, one volunteer per class will facilitate the Hour of Code in person in STEAM class by:
 1. Talking a few minutes about why computers are important
 2. Showing the following video (alternative videos are available on the HOC website) to get people excited:
<https://www.youtube.com/watch?v=KsOIIDT145A>
 3. Running through the module (Steam teacher will be present and can help facilitate)
6. Have fun! Other useful information and tools are located at <https://hourofcode.com/us/how-to>. Take some time to prepare ahead of the class.
7. Questions please reach out to Rod Heintz at heinrm02@gmail.com
